Day 2 - 28 March

Venue: 22@ (Rambla del Poblenou, Barcelona)

The second day will be dedicated to explore different innovative initiatives around technologies and higher education that we are currently developing at UOC. These will be useful in order to answer all kind of questions you might have about online education, like for example how to evaluate students online, how to teach mathematics at a distance or how to manage an online library. We don't want to chose these initiatives for you, but create a participatory programme with all of you. Some weeks before the meeting you will receive vídeos of 1 minute on around twenty innovative experiences from which you can chose the ones that most interest you. Based on your choice we will then set up the final programme.

- 9.00 - 10.30h **Networking breakfast on innovation in online education - bringing together experiences from UOC and participant's institutions**
- 10.30 - 11.15h **Slot 1 - Experience 1 & 2**
- 11.30 - 12.15h **Slot 2 - Experience 3 & 4**

& 6

13.15 - 14.30h

Lunch

14:30 - 15:15h

Slot 4 - Experience 7 & 8

15.30 - 16.15h

Slot 5 - Experience 9 & 10

16:15 – 16.45h

Final discussion and closing

- Daniel Riera, UOC
- Trine Jensen, IAU
