

# DETAILED PROCEDURE

## Webinars on specific topics in internationalization

*Facilitating individual learning for internationalization for HEIs*

### **Target audience: Individuals at HEIs**

To expand the range of **learning opportunities** available to individuals, and to **offer to all individuals** at HEIs the opportunity to access its programs, IAU will organize **webinars on various specific topics** related to internationalization of higher education. Webinars are well-advertised and may draw on experts from different parts of the world and on specific topics of internationalization. The typical format is one or more presentation, followed by an opportunity for participants to communicate questions in writing. Participants will have access to all materials used during the Webinar.

### **Participation fees for Webinars on specific topics in internationalization:**
