

# SAFE – Supporting At-risk Researchers with Fellowships in Europe

## Call for Fellowship Applications

### OVERVIEW

1

The EU-funded SAFE project aims to provide 60 fellowships to non-EU researchers facing threats in their home countries, supporting them to continue their academic work at a research institution in the EU.

### WHO CAN APPLY?

2

**Applications must be submitted by a higher education or research institution located in the EU** on behalf of the researcher they are willing to host. **Each host institution may submit only one application in total**, on behalf of a single researcher.

The target group for SAFE fellowships are **doctoral** and **post-doctoral** researchers at risk.

The fellowships will be awarded between **two tracks**:

- **Track 1: Researchers at risk without EU citizenship currently outside the EU** who are facing threats in their country of residence or have recently fled their country of residence to a third country due to such threats and have neither refugee nor subsidiary protection status there.

- **Track 2: Researchers at risk without EU citizenship who are already in an EU Member State**, either with recognised refugee or subsidiary protection status in the EU, or researchers outside the refugee process holding or applying for temporary permits/visas in an EU Member State.

### WHAT CAN BE FUNDED?

3

Funding will be provided for the selected researchers to carry out a **doctoral or postdoctoral research project** at the proposed host institution in the EU.

### VALUE

4

**For fellowship holders:**

- Monthly salary contribution (3040 EUR gross for PhD, 5080 EUR gross for post-doc level)
- Monthly mobility allowance (600 EUR)
- Family allowance (660 EUR)
- Special needs allowance (upon demand)

Additionally, **for host institutions:**

- Monthly contribution to research training and networking (1000 EUR)
- Monthly allowance for management/indirect contribution (650 EUR)
